WILLIAM J. FEHRMAN
President and CEO

MidAmerican Energy Company, based in Des Moines, Iowa, meets customers' energy needs by providing safe, reliable, affordable and clean energy to customers in Iowa, Illinois, South Dakota and Nebraska.

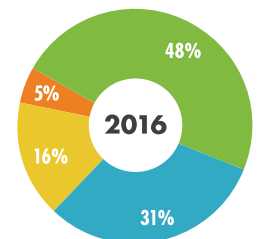

CUSTOMER COMMITMENT AND SATISFACTION

- Our customers deserve the best, and we're committed to providing exceptional service. We solicit customer feedback to ensure we not only meet, but exceed, their expectations and we strive to rank among the nation's leading energy providers in national surveys measuring overall customer satisfaction.
- MidAmerican Energy was recognized as a Customer Champion by Cogent Reports' 2016 Utility Trusted Brand & Customer Engagement Residential study. MidAmerican Energy also received the Customer Champion and Most Trusted Business Partner designations in Cogent Reports' survey of commercial customers. Cogent Reports is a research division of Market Strategies International.

RENEWABLE ENERGY LEADER

- In 2016, we announced our 100% renewable vision; we want to provide 100% renewable energy for our customers. That vision involves completion of our \$3.6 billion, 2,000-megawatt Wind XI project – the largest economic development project in Iowa's history.
- When MidAmerican Energy began investing in renewable energy in 2004, 70% of our generation capacity came from coal and nothing came from wind. At year-end 2016, 48% of our generating capacity came from wind.

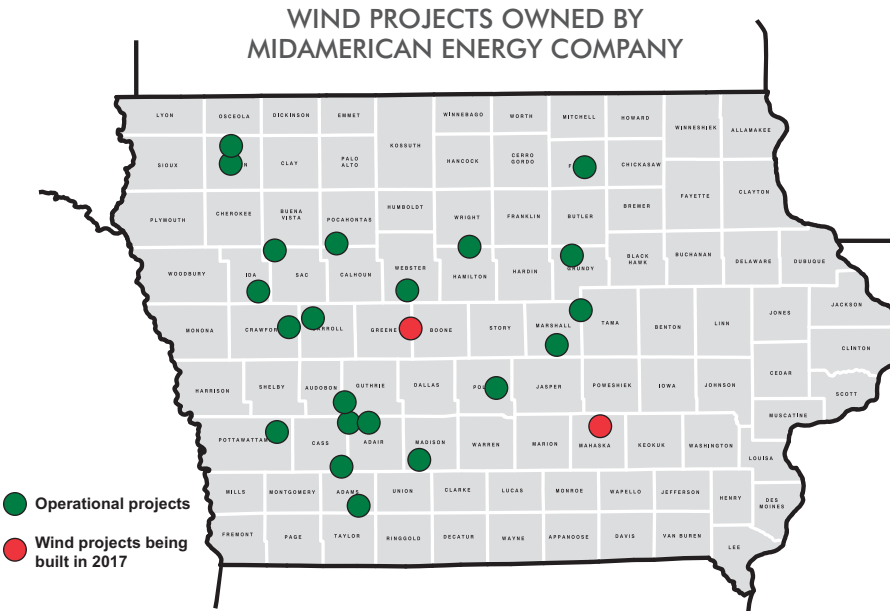

GENERATION CAPACITY

- WIND
- COAL
- NATURAL GAS
- NUCLEAR/OTHER

> CONTINUED ON BACK

- When the Wind XI project is complete, our annual renewable energy generation is expected to reach a level that's equivalent to 89% of our Iowa customers' annual retail usage. We will continue to evaluate opportunities to realize our 100% renewable vision.
- MidAmerican Energy is the No. 1 owner of wind-powered generation among U.S. rate-regulated energy providers.

GIVING BACK TO COMMUNITIES

- Through community involvement, valued partnerships, sponsorships and charitable giving, we're committed to making our communities the best they can be. We sponsor a variety of organizations and events that promote science, technology, engineering and math education, student athletes and renewable energy. Through our Global Days of Service and Matching Gift programs, we support employees' contributions of time and money to charitable organizations or educational institutions of their choice.

DEMONSTRATING ENVIRONMENTAL RESPECT

- For the 15th year in a row, MidAmerican Energy was honored by the National Arbor Day Foundation and the National Association of State Foresters with the Tree Line USA designation in recognition of efforts to preserve and protect trees in the communities we serve.
